## Professional line of hybrid nail polishes

✔ Flexy hybrid polishes combine durability, intense pigmentation, and ease of application. The wide palette includes subtle nudes and pastels, as well as energetic neon shades, glitters, and special effects like "cat eye."

### ✔ Features that set Flexy apart:

- **Flexibility** – they work with the nail plate and do not chip.
- **Intense pigmentation** – colors remain saturated and do not dull.
- **Excellent adhesion** – they bond strongly with the base, creating a lasting layer of color.
- **Versatility** – perfect for both LED and UV-LED lamps, ensuring full compatibility.
- **Seamless curing** – they guarantee a hard, smooth, and long-lasting finish.

## Luxurious line of hybrid nail polishes

- ✓ ManiMORE is a luxurious line of hybrid nail polishes, including colored polishes, top coats, and bases. Thanks to its innovative formula, ManiMORE products guarantee a professional finish, comfortable application, and long-lasting manicure.
- ✓ **Features of the ManiMORE line:**
  - **Intense colors** – polishes with vibrant shades and a dense, creamy consistency.
  - **Advanced formula** – self-leveling polishes that do not flood the cuticles, allowing for comfortable application even on the entire nail.
  - **Easy application** – the polishes apply quickly and easily, speeding up the styling process.
  - **Luxurious finish** – ManiMORE is a line that provides an elegant and professional look for every manicure.

ManiMORE

## Gentle hybrid line without HEMA

- ✔ SoPro is the first Polish line of nail styling products created without the addition of HEMA, perfect for those looking for gentle yet durable solutions.
- ✔ The SoPro line combines PROfessionalism, PROsimplicity, advanced technology, carefully selected active ingredients, and fashionable colors.
- ✔ With just four simple steps – base, color, top, and cuticle oil – you can enjoy a beautiful manicure while also caring for the health and condition of your nails.

SoPRO

## Innovation in nail styling

- ✓ Brush One Bottle Gel is a product that redefines the standards in the nail styling industry, combining innovation, quality, and ease of use.
- ✓ It features 6 fashionable shades that align with the latest trends in nail styling.
- ✓ This product combines the precision of gel with the convenience of hybrid nail polish application, streamlining the work of stylists and enabling quick achievement of professional results.
- ✓ The formula is available with and without HEMA, and is 100% TPO-free, compliant with the latest legal regulations, ensuring safe use.

BRUSH ONE

## Bestseller for 15 years

### Next-generation formula

- ✓ Base One Builder Gels are one-phase products for building nails on tips and forms.
- ✓ With nearly 30 shades, ranging from transparent, semi-transparent, and milky to camouflage, they provide comfortable application and excellent adhesion to the nail plate.
- ✓ The Base One line also includes primers, bonders, and self-leveling building gels, enabling the creation of a unique manicure for any occasion, guaranteeing durability and a flawless finish.

BASE ONE

## Innovative gels with ultra-fast curing time

- ✓ High Light LED is a series of unique gels that significantly shorten curing time – only 30 seconds under UV-LED/LED lamps. These one-phase gels have a medium-thick consistency, making them perfect for use on natural nail plates, tips, and for building nails on forms.
- ✓ High Light LED is the ideal solution for professionals looking for fast, durable, and versatile nail styling products.
- ✓ The range includes various versions of the gels.

HIGH LIGHT  
**LED**  
GEL

## Professional one-phase gels with the perfect consistency

- ✓ Affinity Ice UV is a line of four one-phase gels with a medium-thick consistency and excellent adhesion.
- The medium-thick consistency ensures easy application and precise nail modeling.
- Products in this line are characterized by excellent adhesion to both natural nail plates and tips.
- These gels are suitable for use on both natural nails and tips, making them a versatile solution.
- The use of a special azure UV filter gives a unique, cool tone that results in an aesthetic, clear look for the styling.

## Gel and acrylic **in one product**

✓ AcryloGel is an innovative product that combines the best features of gel and acrylic, offering flexibility, hardness, and high resistance to mechanical damage.

### ✓ Key features of AcryloGel:

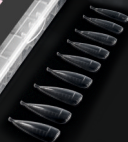

- The thick polygel consistency and lack of self-leveling properties prevent the product from flowing off the nail plate, allowing for precise application.
- The product extends the time needed to form the perfect nail shape using a brush dampened in cleaner.
- Easy Shape Polygel is ideal for extending and reconstructing even weak, split, or brittle nails.
- It can be used both on Dual forms and on the natural nail plate.

✓ AcryloGel is the perfect solution for stylists looking for a durable, flexible, and easy-to-apply product for nail extension, providing professional results without the risk of breakage.

VARIOUS APPLICATIONS

DUAL FORM

# Professional nail styling liquids

## BASE ONE CLEANER

This is a product based on isopropyl alcohol with a mild effect.

- It degreases the natural nail plate before starting the styling process.
- It safely removes the inhibition layer after curing the gel without damaging it.
- Available in the Shine version, providing extra shine and perfectly preparing the nail plate for further styling.

## NAILO

The Nailo line includes all the necessary liquids for professional nail styling:

- Acetone for removing poorly applied tips or decorations, as well as dissolving the hybrid gel layer.
- Cleaner for extreme degreasing of the natural nail plate before using UV gels, hybrid gels, and acrylics.

## THE GARDEN OF COLOUR CLEANER

This is a collection of cleaners in seven colors and scent variations.

- Effectively removes the inhibition layer and grease from the surface of the natural nail.
- It increases the adhesion of gel or acrylic products, ensuring the durability of the styling.

# Power of hydration and regeneration

- ✔ A daily, easy-to-use cream that effectively regenerates, deeply hydrates, and absorbs quickly.
- ✔ It contains hydrolyzed silk and hyaluronic acid, which work together to perfectly support regeneration, improve skin elasticity, and rebuild damaged epidermal cells.
- ✔ The fragrance is a blend of fresh lemon, sweet mandarin, and juicy orange, with a hint of sour plum and subtle floral-spicy notes.

## Hand care with Silcare Classic **oil-based** line

### DRY AND CHAPPED SKIN

#### Nourishing avocado oil

Contains a blend of seven vitamins (A, B, D, E, H, K, PP) that replenish the skin's lipid barrier, soften and soothe irritations, and protect against harmful external factors.

100 ml

### DEHYDRATED SKIN

#### Moisturizing soybean oil

Moisturizing hand cream with soybean oil protects against dryness while supporting the reconstruction of the skin's natural protective barrier. It soothes irritations and improves the elasticity of the epidermis.

100 ml

### IRRITATED AND WEAKENED SKIN

#### Protective shea butter

Protective hand cream with Shea butter shields the skin from the harmful effects of environmental factors. The vitamins A, E, and F it contains help with hydration and regeneration.

100 ml

### ROUGH SKIN

#### Smoothing almond oil

Smoothing hand cream with sweet almond oil softens and nourishes the skin, positively affecting its elasticity. Urea and vitamin E provide intense hydration.

100 ml

### BURNING AND HARDENED SKIN

#### Softening grapeseed oil

Soothing hand cream with grape seed oil has regenerating properties, creating a protective, smoothing layer on the skin. Grape seed oil soothes and softens the epidermis.

## THE GARDEN OF COLOUR NAIL AND CUTICLE OILS

Cuticle and nail oils from the The Garden of Colour series are professional care products that combine color, fragrance, and nourishing properties. They are also the perfect finishing touch for any nail styling, blending professional care with aesthetics and ease of application.

- The oils strengthen the cuticles, improve their appearance and condition, providing proper protection.
- The cuticle oils not only take care of the nails but also add an aesthetic touch – colorful and fragrant versions turn an ordinary manicure into a pleasant moment of relaxation.
- Carefully selected ingredients nourish the nails, smooth them, and support their healthy appearance.
- The fruity scent of the oils makes application a pleasure, while the hands and nails gain a unique shine and freshness.
